SUMMARY

Software Engineer experienced in building scalable eCommerce and ERP integrations, with a focus on Shopify-based B2B platforms. Proficient in API development, asynchronous data processing, and real-time synchronization using PostgreSQL and MySQL. Hands-on experience in developing AI-driven automation solutions, including Shopify AI agents and workflow integrations. Also worked on projects using Flask, TensorFlow, OpenCV, and Scikit-learn across full-stack and machine learning applications.

TECHNICAL SKILLS

Programming & Web Development: Python, JavaScript, HTML, CSS, React.js, Node.js, Flask
Backend, Databases & Integrations: MySQL, PostgreSQL, REST APIs, GraphQL APIs, Asynchronous Processing, Message Queues, API Integrations, Shopify App Development, PostHog (Product Analytics)
Machine Learning, AI & DevOps: Scikit-learn, TensorFlow, Keras, PyTorch, Deep Learning (CNNs, RNNs, Transformers), LLMs & Generative AI, Computer Vision (Image Processing, OpenCV), Docker, CI/CD Pipelines, Version Control (Git, GitHub)

PROFESSIONAL EXPERIENCE

i95Dev — Software Engineer I **July 2025 – Present**
i95dev B2B Portal:

- Designed and implemented a scalable bidirectional integration between Shopify and a Laravel-based Business-to-Business (B2B) portal.
- Enabled the B2B platform to act as a centralized hub for managing e-commerce and ERP data across key entities including products, orders, companies, users, customers, and pricing.
- Developed asynchronous message queue systems to enable reliable and real-time data synchronization between Shopify, the B2B portal, and external ERP systems using PostgreSQL (Shopify data synchronization) and MySQL (B2B portal).

Shopify AI Agent:

- Built a Shopify AI agent using Model Context Protocol (MCP) to convert natural language inputs into automated Shopify operations.
- Used the Shopify GraphQL API to perform actions such as product creation, order management, inventory updates, and store configuration, and implemented LLM orchestration with structured tool schemas to enable automated backend task execution.

EDUCATION

Maturi Venkata Subba Rao Engineering College **Hyderabad,Telangana**
B.E. in Information Technology-CGPA-9.19 Graduation Date: Jun 2025
Sri Chaitanya Junior Kalasala **Hyderabad,Telangana**
Intermediate-Marks- 958 Graduation Date: Jun 2021
Sri Chaitanya School **Hyderabad,Telangana**
Schooling-CGPA-10.0 Graduation Date: Apr 2019

CERTIFICATES & COURSES

- **AWS AI/ML Virtual Internship** – AICTE-Eduskills (May 2023 – Jul 2023)
- **Google AI/ML Virtual Internship** – AICTE-Eduskills (Apr 2024 – Jun 2024)
- **AWS Certifications:** AWS Data Analytics, AWS Machine Learning
